

## RETAINED H&S ADVISORY SERVICES

### Introduction:

LM Management Consultancy Ltd. stands as an independent and trusted entity specialising in an extensive array of services encompassing Health, Safety, Environmental, and Business Continuity Management. Our company's foundation is rooted in a commitment to delivering unparalleled expertise and tailored solutions to both public and private sectors, operating not only across the GCC but also extending our reach internationally.

With a cumulative experience exceeding four decades in the realm of HSE Consulting, Business Continuity and management, our team prides itself on a proven track record that spans over 16 years within the dynamic landscape of the GCC and seven (7) years in the UAE. This wealth of experience positions LM Management Consultancy as a beacon of excellence and reliability, poised to assist and empower your organisation's goals and operational excellence.

Registered in the UAE, we navigate the consultancy landscape both independently and collaboratively, fostering strategic partnerships that augment our capabilities and expand the scope of our services. Our extensive portfolio of expertise extends across a diverse spectrum of industries, including but not limited to Construction, Oil and Gas, Energy, Retail, Banking, Property and Asset Management, as well as Leisure sectors. This breadth of industry exposure underpins our ability to offer tailored, industry-specific solutions, positioning us as an indispensable asset dedicated to fortifying your organisation's success and resilience in a rapidly evolving business environment.
